Day Opportunities

# Queensferry Care

Connecting people with their Community

## Meet with others at The Haven or have one-to-one support in your home/community with Queensferry Care Day Opportunities

Day Opportunities is registered with the Care Inspectorate to provide services for older people who have a diagnosis of dementia or who are socially isolated due to stroke, other illnesses, or long-term health conditions.

Day opportunities can include a home visit, outing within the community or Centre-based service. All activities are agreed with our members initially through their individual support plans, and then on an ongoing basis.

Referrals are received from Health and Social Care Department, G.P. Surgeries, Health Professionals, Hospitals and other relevant agencies or individuals.

For further information on our day service, or information on how to make a referral please contact the Haven on **0131 331 5570** email **mail@qccc.org.uk**.
